Dear Mr. Stoy,

In response to your letter received recently, I am indeed Spafford Taylor, son of Marion (Stoy) and Tom Taylor. I appreciate hearing from you and learning of the work you've been doing tracing the family history.

I am confused when you speak of the relationship between my mother and her father, her father being - as you say - James Stoy. I thought her biological father was a Pierce. Perhaps you do not know that my mother, Marion, was adopted by the Stoys at an early age. Her adopted parents were Albert and Stella Stoy (I'm not sure of the spelling of the mother's name). You might be right as far your findings on the Stoy side go. Other than my "grandmother and grandfather" Stoy, I don't know anything about the Stoys. However, I am interested in your findings and how you will respond to this letter.

Thank you and please let me hear from you again.

Sincerely,

  
Spafford Taylor
