It is hardly necessary to say that the Calvert family is the ranking family of Maryland, and around them the entire colonial history of that province revolves. Likewise was Governor William Stone a very influential man both in Virginia (where he first settled) and in Maryland. The Graves family are one of the most ancient in Virginia, Captain Thomas Graves having arrived in the second supply of 1608, and was a representative in the first Representative Legislative Assembly in America which convened at Jamestown, Virginia, 30 July 1619.

There is a great amount of genealogical material available in print on the first four generations (i.e., I, II, III, IV) mentioned in outline on the preceding page, and some on the fifth generation (i.e., V). After this, however, we must depend upon the original court records to positively prove the sixth and seventh generations (i.e., VI & VII) the O'Gorman in her Descendants of Virginia Calverts cites Charles G. Calvert Jones, born 4 June 1746, as 7th in direct descent from Sir George Calvert.

This paper is based on the original court records of Stafford, King George and Westmoreland Counties, Virginia, to which reference will be later made by volume and page; the original Parish Register of Saint Paul's Parish, Stafford (now King George) County, Virginia, and the following genealogical publications which are acceptable and considered to be authoritative, viz:

THE CALVERT LINEAGE

I. Sir George Calvert is believed to have been born circa 1579/80 near Danby Wiske, Yorkshire, England. He died in April, 1632 in London, England, and was buried at St. Dunstan's Church 15 April 1632. He married first on 22 November 1604 Anne Mynne of Besley, Hertforeshire, who was born 20 November 1579 and died in London 8 August 1621; she is buried in the Chancel of St. Mary's Church, Hertingfordshire. She was the daughter of George and Elizabeth (Wroth) Mynne. Sir George Calvert married second Joane \_\_\_\_\_, after 1622, who sailed from Virginia in 1630 and died when the ship St. Claude was wrecked off the English coast.

Shortly after the death of his first wife King James I granted George Calvert 2300 acres of land in county Longford, Ireland, to which place he went and where he was elevated to the Irish peerage, 1625, as Baron Baltimore of "Baltimore Manor". He was a member of the Virginia Company and subscriber to the Second Charter, 1609. He was admitted to the New England Company, 1622, and received a grant for the whole of Newfoundland but the following year by Royal Charter, was assigned the southeast peninsula of that land, which was erected into the province of Avalon. Over this domain Calvert was given quasi-royal authority and in the summer of 1628 he took there his wife Lady Joane Baltimore, his family except his eldest son Cecilius and about forty colonist.

The rigors of the climate proved too much of a hardship for Lady Baltimore, who forthwith sailed for Virginia, spending her time at Jamestown. Lord Baltimore followed her there, arriving in October 1629 "to view those parts", but met with a "cowlde" reception, the colonists fearing that the King might grant him a charter for the whole of Virginia. He was tendered the oath of supremacy, which he refused on account of his religion (Catholic). The modified form of the oath acceptable to him was not agreeable to Virginia authorities, and he shortly departed for England and upon his arrival there in 1630 sought from the King a charter for land south of the James River. He was unsuccessful in securing this favor but the king finally agreed to assign him the lands north and east of the Potomac River.

Before the charter for this territory passed the seals in London, Sir George Calvert dies in London mid April 1632. His rights were transmitted to his eldest son and heir at law, Cecilius Calvert, Second Lord Baltimore, who received title to the Maryland Charter, 20 June 1632.

While the actual title to the Province of Maryland passed to the Hon. Cecilius Calvert, Second Lord Baltimore, (1605-1675), the honor of actually seating Maryland and becoming its first Governor, is vested in the Honorable Leonard<sup>2</sup> Calvert, second son of Sir George<sup>1</sup> Calvert, First Lord Baltimore, and in whom our interest lies.

II. Governor Leonard Calvert (c 1610-1647) was born in England and went with his father to Avalon, Newfoundland, but returned to England before the departure of the family from there. As agent for his elder brother, who fitted out the Ark and the Dover for the voyage across the Atlantic to settle Maryland, he with his brother George<sup>2</sup> Calvert sailed with the party from Gravesend, England, 18 October 1633, reaching Maryland, 3 March 1634. Upon landing, the party founded the city of St. Mary's 27 March 1634. The Honorable Leonard<sup>2</sup> Calvert was named by his brother Lieutenant-General of the Province and commissioned Governor, 1637. Summoned by his brother to England in 1643, he is presumed to have married there by 1644, and tradition holds to a member of the Brent family. He returned to Maryland, and on his death bed made an oral will 19 June 1647 to which Governor Thomas Green testified. According to testimony, he named Mistress Margaret Brent executrix of his will and directed that she should "take all and pay all".

The state of Maryland has erected at St. Mary's a handsome granite marker to the Honorable Leonard<sup>2</sup> Calvert, first Governor of Maryland, which states that "by his wisdom, justice and fidelity, he fostered the infancy of the colony, guided it through great perils and dying, left it at peace."

III. The Honorable William<sup>3</sup> Calvert, only son of Governor Leonard Calvert, was probably born in England, circa 1644, and came with his father to Maryland. He served as Secretary of Maryland, member of the house of Burgesses and of the Council and in 1661-1662, as Deputy Governor. He married about 1661-2 Elizabeth Stone, daughter of Governor William Stone and his wife nee Verlinda Graves, and was drowned in May 1682 while trying to ford the swollen Wicomoco River, Charles County, Maryland.

The Honorable William<sup>3</sup> and Elizabeth (Stone) Calvert left issue several children, but our interest lies in the eldest, Charles<sup>4</sup> Calvert who settled for a time in Stafford County, Virginia, where we find record of him and in Westmoreland County (from which county Stafford County was formed) a very important genealogical instrument is of record which proves the said Charles Calvert of Virginia was the eldest son and heir of the Honorable William<sup>3</sup> Calvert of Maryland.

IV. Charles<sup>4</sup> Calvert, Gentleman, was born in Maryland circa 1664, and was the eldest son of the Honorable William<sup>3</sup> Calvert and Elizabeth Stone, his wife. About 1690 he removed across the Potomac River to Stafford County, Virginia, where he married circa 1693, Mary Howson, one of the three daughters and co-heirs of Robert Howson, Gentleman, of the said county, by Sarah, his wife. Robert Howson, Gentleman, in 1659 patented 6,000 acres of land near the falls of the Potomac River and upon a portion of this extensive tract the City of Alexandria is built. Frances Howson, one of the daughters of Robert Howson died unmarried, and the third daughter Anne Howson married Colonel Rice Hooe, first of that plantation in King George County, Virginia, called "Barnsfield" and from whom so many prominent persons have sprung. Sarah, widow of Robert Howson, Gentleman, married as her second husband, Robert Hewitt and as Sarah Hewitt was a part to this instrument after the death of her daughter Mary (Howson) Calvert:

Oct. 14, 1699. This note shall oblige me to deliver the two mulatto children to Mrs. Hewitt to keep for my two children, the mulatto girl for Sarah Howson Calvert and the mulatto boy for Ann Calvert.

Witnessess: Robert Alexander

(signed) Sarah Hewitt

The above was recorded 8 May 1700 at Stafford Court, and remains a record in Book "Z"

By a petition dated 3 April 1705 Charles Calvert, Gentleman, moved that the proprietors of the Northern Neck of Virginia, vest in his two daughters Sarah Howson Calvert and Ann Calvert, 218 $\frac{1}{2}$  acres of land, saying that he has for many years been in possession of the said land "as marrying Mary ye daughter and coheir of Robert Howson by whom he had issue two daughters" as above named.

On the 9th of April, 1705 Charles Calvert assigned 200 acres of land to Colonel William Fitzhugh, and it seems last appears on the Virginia records as follows:

Westmoreland County, Virginia, Record Book 34, pg. 96  
Dated 27 November 1707 and recorded 28 November 1707.

Indenture between Charles Calvert of Stafford County in Virginia, Gentleman, and James Neale of Charles County, Maryland, Gentleman, for 1000 pounds of good tobacco the said Calvert relinquishes to Neale, all his rights, claims etc; which he the said Calvert or his heirs now hath or ought to have in in 600 acres of land being part of 3000 acres on Piscataway in Charles County, Maryland, which said 3000 acres was granted to William Calvert, squire, father of the said Charles Calvert and was given or intended to be given in marriage with Elizabeth daughter of said William Calvert to said James Neale by the said William Calvert... the said Charles Calvert doth by these presents empower Mr. James Hoddort, Mr. James Haddock or Mr. Joshua Cecill to acknowledge in Prince George County, Maryland, Court this present release to the use intent and purpose aforesaid.

Witnesses: Joshua Davis

Charles Calvert

Charles<sup>4</sup> Calvert, Gentleman, returned to Maryland and from 1720 until the time of his death figures in the court records there. He married secondly Barbara Kirk, by whom he left no issue and to whom he left his entire estate by will dated 25 October 1733 and proved in St. Mary's County Court 31 December 1733. In this will he left one shilling each to his two daughters, Sarah Howson and Ann. As they were both long since married to Virginia gentlemen and had been provided for by him previously, he seemingly did not feel obligated to leave them any part of his estate.

Barbara (Kirk) Calvert married second Andrew Foy.

Charles<sup>4</sup> Calvert, Gentleman, and his first wife nee Mary Howson had issue two daughters only, who were seemingly reared by their maternal grandmother, Mrs. Sarah Hewitt in Stafford County, Virginia, and married there, viz:

- (1) Sarah Howson<sup>5</sup> Calvert who married Nathaniel Jones
- (2) Ann<sup>5</sup> Calvert who married Thomas Porter

These two daughters of Charles Calvert, Gentleman, with their spouses, entered into a remarkable deed which remains of record in Stafford County Deed Book "J", page 79, which original record book is now among the collection of the Henry L. Huntington Library in California:

Deed dated 11 September 1721 - recorded 11 October 1721.

Thomas Porter of the Parish of St. Pauls in the County of Stafford, planter, and Anne, his wife, and Nathaniel Jones of the same parish and county, planter, and Sarah Howson, his wife, "which said Anne and Sarah Howson are daughters and coheirs of Mary Calvert who was daughter of Robert Howson late of the Parish and County aforesaid, Gentleman, of the one part and John Fitzhugh of the Parish of Washington in the County of Westmoreland, Gentleman, of the other part \_\_\_\_\_

The Porters and Joneses convey to John Fitzhugh all that tract of land granted unto Gerard Fowkes, William Horton, Richard Granger, Thomas Grigg, by patent dated 4 September 1661, containing 2000 acres, scituate on the upper Machotock in the County of Stafford (then Westmoreland) bounded easterly by the lands formerly in possession of Gervis Dodson, deceased, northerly with the land of Mr. Peter Ashton, westerly and southerly with the main woods".  
Witnesses: Tho. Jenkins, Benjamin Porter and Joseph Porter.

I am of the opinion that this tract of land was the one to which the said John Fitzhugh, Gentleman, moved and upon a portion of which he built "Marmion" the acreage of which is of course considerably reduced at this time.

V. Sarah Howson<sup>5</sup> Calvert, elder of the two daughters of Charles<sup>4</sup> Calvert, Gentleman, and Mary Howson, was born in Stafford County, Virginia, circa 1694, and named for her maternal grandmother Mrs. Sarah Howson-Hewitt.

On 30 March 1714 Sarah Howson Calvert, Thomas Porter and Anne, his wife, of the County of Stafford, sold to John Pratt of Westmoreland County, 200 acres in that county to which they had right as heirs of Robert Howson, deceased, who patented the said land 15 April 1667. (Westmoreland County Book #5, pg. 253).

About 1718 Sarah Howson Calvert intermarried with Nathaniel Jones (1696-1754), son of John Jones of Westmoreland County, Virginia, who by his will dated 10 January 1707/8 and proved at that court 29 April 1713 bequeathed his said son Nathaniel Jones (1696-1754) land. At this time St. Paul's Parish, Stafford County (now King George) adjoined Washington Parish, Westmoreland County, and while the boundry lines have been altered to some extent it may be roughly be said that the present King George-Westmoreland county boundry line on the Rtomac side was the Stafford-Westmoreland County boundry line until 1777 when St. Paul's Parish became a part of King George County. Thus Sarah Howson Calvert in St. Paul's Parish and Nathaniel Jones in Washington Parish were near neighbors, being in adjoining parishes. While the county boundry lines have been altered, the lands have remained "put" and it is thus often necessary to consult the records of several counties as the people remained upon their plantations for generations and the county lines shifted throwing the records concerning them in various courts.

In Stafford County Book "M" are several depositions in regard to the nuncupative will of Robert Hewitt and on page 383 is found the testimony of Nathaniel Jones taken 23 August 1743 and recorded 13 September 1743, which enables us to place his birth date:

The deposition of Nathaniel Jones, aged 47 or thereabouts saith that on Thursday the 18th day of this instant he this deponant happened at the house of Robert Hewitt and he heard the said Hewitt say that he had given all his estate to Birkett Pratt and that he had ordered the said Pratt to bury him under a Pare tree because he would not lay under the mulberry tree with so many Nations. Taken before us Philip Alexander, Toownshend Washington, two of his Majesties Justices of the Peace for Stafford County on 23rd August, 1743.

Nath<sup>l</sup> Jones

Philip Alexander  
Townshend Washington

There was some mischief going on here between Robert Hewitt and Birkett Pratt, bachelors, as one deponent stated that the reason Robert Hewitt had given all his estate to Pratt was to "trick Caty Coakley"!

Sarah Howson<sup>5</sup> Calvert and her husband seem to have moved to the adjoining parish of Washington in Westmoreland County from St. Paul's Parish, Stafford, in the 1740s. Nathaniel, her husband, had inherited some land in Washington Parish from his father John Jones and on 16 November 1749 bought an additional 50 acres:

Westmoreland County Records #11, pg. 164 - 16 Nov. 1747

Evan Price of Washington Parish, Westmoreland County, to Nathaniel Jones of Washington Parish, Westmoreland County, 50 acres of land in the said Parish of Washington it being part of 150 acres which sd Price had by "his mother Mary Field". The 50 acres so conveyed is described as adjoining the land of Brewton and bordering on the dam which "devides the counties of Westmoreland and Stafford."

Witnessess: Calvert Jones, Robert Peck and Joseph Franklin

From this deed we see that the land of Nathaniel Jones was in the upper part of Washington Parish, Westmoreland County, and bordered on the Stafford County line, immediately over which was St. Paul's Parish, the place of the navity of his wife Sarah Howson<sup>5</sup> Calvert.

The last will and Testament of Nathaniel Jones shows that he died possessed of land both in Westmoreland and Stafford counties, Virginia, and his will of record in Westmoreland County Book #12, beginning at page 75 is here quoted verbatim:

In the name of God Amen: I Nathaniel Jones of the County of Westmoreland being in perfect health, sence and memory do make this my last will and Testament revoking all former wills and testaments by me had and made appointing and allowing this and no other to be this my last will and Testament:

Item: I do give to my son Calvert Jones one hundred acres of land be the same more or less whereon I now live bounded upon the lines of Nathaniel Jones and Charles Jones and in case he should die without lawfully begotten of his body for the said land to return to my two sons Nathaniel Jones and Charles Jones.

Item: I make ordain appoint my beloved wife Sarah Howson Jones and my son Calvert Jones executrix and executor of this my last will and Testament.

Recorded the 20th day of April A.D. 1754

The inventory of the estate of Nathaniel Jones was dated 26 March 1754 and was recorded 30 April 1754 in Inventory Book #3, pg. 42. It amounted to £ 143:18:2 3/4 and was taken by Cossom Bennett, James Cash and John Bryant.

On 30 November 1756, Calvert Jones, executor of Nathaniel Jones, deceased, submitted a supplemental inventory of his testators estate into court and same remains of record in Westmoreland Inventory Book #4, page 5.

There is no will or inventory at Westmoreland Court of Sarah Howson<sup>5</sup> (Calvert) Jones; as she did not qualify as executrix of her husband (after being so named in his will) it may be that she died about the same time he did. In the colonial period inventories of estates of widows are infrequent as they usually only held a dower right in property.

We have seen that Nathaniel Jones by his will of 1754 mentioned five sons and three daughters. While we are mainly concerned with the eldest son, John Jones (circa 1720-1762), certain information will be given concerning the other sons of Nathaniel and Sarah Howson<sup>5</sup> (Calvert) Jones as two of them are known to have died unmarried and without issue. They left wills which strengthen the genealogical structure of this pedigree.

The eight children of Nathaniel Jones and Sarah Howson<sup>5</sup> Calvert were:

- (1) John Jones (circa 1720-1762), eldest son, of whom more subsequently.
- (2) David Jones who is probably identical with the David Jones who died intestate in King George County, Virginia, in 1772. The records have not been studied for detail in regard to him and/or his family.
- (3) Nathaniel Jones of whom I have no further tidings other than he is named in his father's will.
- (4) Charles Jones of Brunswick Parish, King George County, died unmarried leaving a will dated 25 January 1771 which was proved at King George County Court 2 May 1771 (Will Book #1, page 318) To his brother Colvert Jones he bequeathed a tract of land in Westmoreland County whereon John Dearing then lived and a mare, and to his brother David Jones all the residue of his estate, both real and personal. A full copy of the last will and Testament of Charles Jones is herewith.
- (5) Calvert Jones, otherwise Colvert Jones, also resided in King George County. The name Calvert is so spelt in Maryland without exception and should be so spelt elsewhere, however, in Maryland the spelt Calvert it is pronounced (and they claim correctly) Colvert and this pronouncation has it seems lead to the name being spelt incorrectly in Virginia at times. The will of Calvert Jones was dated 29 August (blank) and recorded at King George County Court 7 April 1791 (Will Book 2, page 128). To his sister Frances Jones he left a bed and furniture and an annual income for life. To his nephew Charles Grigsby Jones he left all of his land for and during his natural life and at his death same to descend in fee simple to his eldest son then living who subsequent records prove to be Calvert Jones. Calvert Jones appointed Charles G. Jones executor of his will.
- (6) Mary Jones married Mr. Peck.
- (7) Frances Jones is last mentioned to my knowledge in the will of her brother Calvert Jones, 1791. She doubtless died unmarried.
- (8) Sarah Jones married Mr. Franklin.

VI. John<sup>6</sup> Jones, Gentleman, (Circa 1720-1762) was the eldest son and heir at law of his parents, Nathaniel Jones (1696-1754) and his wife nee Sarah Howson<sup>7</sup> Calvert, and seems to have resided his entire life in Saint Paul's Parish, Stafford County, Virginia.

Tho the records of Stafford County are exceedingly sparse,<sup>6</sup> there remains of record in Book "P", page 116, a very unusual BOND given by John<sup>6</sup> Jones of Stafford County in which he identifies himself as the grandson of Charles<sup>4</sup> Calvert, Gentleman, and from the manner the bond is worded it would seem that his mother, Sarah Howson<sup>5</sup> (Calvert) Jones was deceased prior to 5<sup>6</sup> June 1756 and the title to this land in dispute had vested in him the said John<sup>6</sup> Jones, as her eldest son and heir at law. On April 5 1705 (as mentioned on page 6 of this report) Charles<sup>4</sup> Calvert, Gentleman, petitioned the Proprietors of the Northern Neck asking that 218<sup>1</sup>/<sub>2</sub> acres (part of a tract of 418<sup>1</sup>/<sub>2</sub> acres belonging to him in right of his wife Mary daughter of Robert Howson, be escheated, allowing 218<sup>1</sup>/<sub>2</sub> acres "for himself for life and afterwards to ye said Sarah Howson Calvert and Ann Calvert, his daughters"...."and their heirs forever". This deed of partition and escheat of 1705 is again recited by John<sup>6</sup> Jones, grandson of Charles<sup>4</sup> Calvert, Gentleman, and goes far to positively prove this pedigree. As this bond is unusual and a strong link in this pedigree it will be quoted verbatim.

Stafford County, Virginia. Book "P", pg. 116 dated 5 June 1756 and admitted to record 10 August 1756.

John Jones of Stafford County in the Colony of Virginia, Planter, am held and firmly bound to Dr. Gustavus Brown of Charles County, Maryland, in sum of £100-Sterling

Whereas the Proprietors of the Northern Neck of Virginia did by their deed bearing date April 3<sup>d</sup> 1705 give and grant unto Charles Calvert for and during his natural life and after \_\_\_ to his daughters Sarah Howson Calvert and Ann Calvert and to their heirs forever 218<sup>1</sup>/<sub>2</sub> acres of land lying in the County of Stafford aforesaid and the said Sarah being afterwards married to Nathaniel Jones and the said Ann to Thomas Porter the said Nathaniel Jones and Thomas Porter by and with the consent of their wives did mutually agree to choose indifferent persons to divide the said land between them no with regard to quantity but quality by which means the said Porter had the largest quantity assigned him because of meaner quality, and the said Thomas Porter and Ann his wife having in the year 1736\* sold their right and title in the said land to the said Gustavus Brown, a dispute soon after arose between the said Nathaniel and the said Gustavus about the Partition thereof and the first division above mentioned was confirmed by a Judgment of the General Court but the

\* This deed from Porter to Brown is in Lost Deed Book "M" (1731--1739), page 222 according to the Old General Index to records at Stafford Court.

said Gustavus Brown being willing to prevent all future disputes which might arise between him and his heirs and the said John Jones or his heirs ec: hath hereby covenanted and agreed to and with the said John Jones that he will as soon as conveniently may be cause a new division line to be made as nearly parallel to the first division line as he can so as that the said Jones' part may contain one hundred and nine and quarter acres ( $109\frac{1}{4}$ ) being a moiety of the quantity mentioned in the patent and no more.

Now the condition of the above obligation is such that if the above bound John Jones his heirs executors administrators and assigned and each and every of them shall forever rest contented with and abide by the said division (when made) and the said Gustavus his heirs executors administrators or assigns quietly and peaceably possess and enjoy the remainder of the said patent without the trouble or interruption of them or either of them then the above obligation to be void otherwise to remain in full force and virtue in law.

It appears that Charles<sup>4</sup> Calvert in right of his wife then Mary Howson had a right to  $418\frac{1}{2}$  acres of land and being so seized petitioned the office of the Proprietors of the Northern Neck to issue a patent for  $218\frac{1}{2}$  acres thereof in the names of his two daughters, Sarah Howson<sup>5</sup> Calvert and Ann<sup>5</sup> Calvert, reserving to himself a life interest in the said land. This was done 3 April 1703, and probably divided between them shortly after the death of their father, Charles<sup>4</sup> Calvert in 1733 as the above mentioned BOND says the Porters sold their portion in 1736. The remaining 200 acres was on 4th April 1703 patented to Charles Calvert, in fee simple and on the 9th April 1705 for £9850 pounds of tobacco the said Charles<sup>4</sup> Calvert of Stafford County sold all his rights to the 200 acres to William Fitzhugh.

The foregoing deed hath relation to a patent of land granted to ye said Charles Calvert by the Propreitors of ye Northern Neck of Virginia for 200 acres of land under ye hand of Robert Carter, agent to ye Proprietors bearing date ye 4th day of April A.D. 1703.

(Stafford County Book "Z", pg. 277, recorded 9 Apr. 1705)

John<sup>6</sup> Jones resided in St. Paul's Parish, Stafford County, Virginia, (Now King George County) and was married there on 16 August 1744 by The Reverend David Stuart to Eleanor Moss, daughter of William Moss of the Parish of St. Paul's who died 13 February 1746 leaving a will (of record in Stafford Book "M", pg. 505) mentioning among other children his daughter Eleanor wife of John<sup>6</sup> Jones. The above dates are from the St. Paul's Parish Register (1716-1798) which was kept by the Rev. David Stuart and afterwards by his son the Rev. William Stuart. These gentleman kept the Register most carefully, and from this we find the births and baptizms of the children of John<sup>6</sup> and Eleanor (Moss) Jones; these will be mentioned in detail subsequently.

John<sup>6</sup> Jones appears to have died in St. Paul's Parish, intestate, in the year 1762 shorly after the birth of his last child.

May the 5th day 1762

In obedience to the worshipful Court of Stafford County, we the subscribers being first sworn before John Stuart, Gent: have appraised the estate of John Jones, deceased as follows:

(Here follows the detail of his personal property amounting in all to an appraised value of £186:19:6)

Thomas Pratt

Thomas Clifton

Will: Stribling

Recorded 13th July 1762, Stafford Book "O", pg. 420.

The Stafford County Court records were largely destroyed during the War between the States, and no further reference is found in these records relative to the estate of John<sup>6</sup> Jones nor any further mention of his wife Eleanor (Moss) Jones. Saint Paul's Parish in which the family had been domiciled for generations in 1777 became a part of King George County.

The indications are, however, that Eleanor (Moss) Jones lived to be quite old as in King George County Deed Book #8, page 9, dated 26 September 1794, there is a deed from Charles Grigsby Jones and Winifred, his wife, to Susannah Anchorom, in which Jones for £64 current money deeded 50 acres of "which said land (50 acres) is a part of a tract of land now in possession of the said Charles G. Jones and whereon his Mother now lives".

The children of John<sup>6</sup> and Eleanor (Moss) Jones were as follows:

1. Charles Grigsby Calvert<sup>7</sup> Jones, born 4 June 1746 and baptized 6 July 1746 by the Rev. David Stuart, rector of St. Paul's Church, and entered in the Register thereof; of him more subsequently.
2. Behethland<sup>7</sup> Jones, born July 14 and baptized August 14, 1748. She married February 14, 1770, John Peed.
3. Nathaniel<sup>7</sup> Jones born 25 February 1750/51. He is mentioned as a nephew in the will of his uncle Calvert<sup>6</sup> Jones proved in 1791. As Nathaniel

Jones of St. Paul's Parish King George County he wrote his will dated 6 November 1793 which was proved 2 January 1794 (Will book #2, pg. 174) mentioned his wife Molly Jones (who married secondly, William Moss as recited in DB#9; pg. 43) and four children, viz: John Jones, Charles Wesley Jones, Gracy Price Jones and Sabray Jones. Executors named were his wife Molly Jones and friend John Peed, who was his brother-in-law. Reuben Dodd and Sabray Jones were married 18 April 1794 (MR#1, pg. 4) and Rowland L. McDaniel and Gracy Price Jones were married 11 March 1802 (MR#1, pg. 24)

4. Sabray<sup>7</sup> Jones was born October 7, 1753 and baptized December 9, 1753. She married on February 8, 1778, William Crank.
5. Susanna<sup>7</sup> ("Sucky") Jones was born March 25, 1757, and on 6 April 1786 a license was issued at King George Courthouse for her marriage to John Price, Jr., and on 5 May 1786 the Rev. Mr. Stuart recorded the said marriage in St. Paul's Church Register. John Price, Jr. and Susanna<sup>7</sup> Jones his wife had an only daughter, Susanna Jones Price who was forbidden by the terms of her father's will (WB#3; pg. 37) dated 3 May 1805 (proved 5 Feb. 1807) from marrying her first cousin, John Price, the younger; if she did then to receive but a dollar. On 21 January 1806 Susanna Jones<sup>8</sup> Price married John Ratcliffe. John Price, Jr. married secondly Elizabeth \_\_\_\_\_, by whom he had several children also mentioned in his above referred to will, and among was Ann Moore Price (1797-1863) who married on 12 August 1815 Hezekiah Potts (1783-1847); they were the maternal grandparents of Mrs. W. A. Spilman, Elkwood, Virginia (see: KING, The Family Tree of Caroline Jackson Lee, page 79 et seq:)
6. Eleanor<sup>7</sup> Jones, birth is not registered in the St. Paul's Register, but it appears she was the child of John<sup>6</sup> and Eleanor (Moss) Jones and was married in the said parish on 22 December 1774 to Daniel Hammit.
7. Jane<sup>7</sup> Jones was born March 16, 1762, the youngest child of John<sup>6</sup> and Eleanor (Moss) Jones. She was married in St. Paul's Parish 13 June 1782 to Samuel Marshall; they left issue.

VII. Charles Grigsby Calvert Jones, eldest child of John<sup>6</sup> and Eleanor (Moss) Jones was born 4 June 1746 and baptized by the Rev. David Stuart, Rector of Saint Paul's Parish, Stafford County, Virginia, 6 July 1746 agreeable to an entry in that parish Register. It appears that he dropped his second middle name "Calvert" and appears on the records as Charles Grigsby Jones. He is however identified by O'Gorman in her Descendants of Virginia Calverts, page 73, as seventh in direct descent from Sir George Calvert, but this author does not carry the lineage any further nor does she give any detail in regard to "Charles G. Calvert Jones born June 4, 1746."

See King's  
Notes  
on Calvert  
Index.

This record in St. Paul's Church Register positively identifies Charles Grigsby Calvert<sup>7</sup> Jones (1746-1805) as the son of John<sup>6</sup> Jones, and the records left by him, his uncle Calvert<sup>6</sup> Jones, and by Calvert<sup>8</sup> Jones, eldest son of Charles Grigsby<sup>1</sup> and Winifred (Rogers) Jones, simply further confirm the pedigree which has already been firmly established.

It is probable that Charles Grigsby<sup>7</sup> Jones was an active soldier in the Revolutionary War, but none of the Rosters examined gave enough information in regard to the Charles Joneses mentioned to positively identify any one of them as Charles Grigsby<sup>7</sup> Jones of King George County, Virginia. However, patriotic service was found for the said Charles Grigsby<sup>7</sup> Jones which is equally acceptable by the National Society, Daughters of the American Revolution, for membership therein. This patriotic service is found in the Virginia State Library, Public Service Claims of King George County, in the Commissioner's Book #11, under date 6 September 1783, where it is recorded that Charles G.<sup>7</sup> Jones supplied beef to the Continental Army. A photostat copy of this document is made a part of this report. (Not included in this copy - AAH)

It appears from my examination of the records that Charles Grigsby<sup>7</sup> Jones was not married until after the Revolutionary War, probably circa 1785, tho the exact date is not recorded. He married his cousin Winifred Rogers (17 -1823) daughter of Benjamin Rogers 17 -1796) and his wife nee Jane Moss (17 -1815) of St. Paul's Parish who were married 27 January 1761. Winifred (Rogers) Jones was mentioned in the will of her father as Winifred Jones on 24 May 1796, same being recorded 7 July 1796 (WB#2, page 20). Both the Moss and Rogers families were old residents of St. Paul's Parish.

The following instruments are of record at King George Court: DB#7 Pg. 383 - July 3 1792

Charles Grigsby Jones and Winifred, his wife, of Overwharton Parish, King George County, deed to Nathaniel Jones of St. Paul's Parish, King George County for £56:7:6 current money, 112 acres, 2 rods and 10 poles, as evidence by a late survey of the said land so conveyed.

(Nathaniel<sup>7</sup> Jones 1751-1793 the above grantee by will previously mentioned bequeathed to his second son Charles Wesley Jones, the land he purchased of Chas: Grigsby Jones, as above.)

DB#8, Page 21 - 7 May 1795

Charles Grigsby Jones and Winifred, his wife, of King George County to Mary Jones of King George County, for £43, 64 acres being the remainder of a tract of land granted from Boles Balthrop to Aaron Grigsby 31 August 1762. (It is not stated precisely how Jones got title to this land.)

DB#8, Page 23 - 7 May 1795

Charles Grigsby Jones and Winifred, his wife, to Robert Townshend Dade, for £14 current money, 26 acres in King George County, Va.

DB#8, Page 205 - dated 11 October 1798 and recorded 7 February 1799  
Charles G. Jones of King George County for the love and affection he bears to his infant children Calvert Jones, George Jones, David Jones, Jane Jones, Benjamin Jones, Elizabeth Bagwell Jones, Lewis Jones and Alice Jones, all that tract of land whereon the said Charles G. Jones now resides and also other lands for and during the life of the said Charles G. Jones. This is kinda a trust deed, placing all the interest of the said Jones in these lands in the name of his infant children as long as he lives.

Charles Grigsby<sup>7</sup> Jones died intestate in the fall of 1805; none of his children had yet attained full age. On 5 September 1805 Calvert Jones, orphan of Charles G. Jones, deceased, came into court and made choice of William Rogers to be his guardian. (Order Book 1805-1808, pg. 147)

"Winnifred Jones having made oath in the form prescribed by law and more over with George Rogers her security enetered into and acknowledged in court a bond in the penalty of one hundred dollars conditioned as the law directs in such case, certificate is granted her for obtaining letters of administration on the estate of Charles G. Jones, deceased, in due form."

(Court Order Book 1805-1808, page 177 - 3 October 1805)

On 3 October 1805, agreeable to the above court order, a bond was executed by Winifred Jones, as administrator of Charles G. Jones, deceased, in which George Rogers signs as her security. This bond is of record in BOND BOOK 1790-1825, page 366.

BD#9, Page 376 - 13 January 1810

Colvert Jones of King George County makes deed to Winifred Jones, widow, of King George County - for his love and affection to his mother the said Winifred Jones, Colvert Jones deeds her 3 acres of land to include the dwelling house where she now lives and also 100 acres for her natural life it, "being part of the tract of land devised by Colvert Jones, deceased, to Charles G. Jones for and during his life and at his death to descent to the above named Colvert Jones, son of the said Charles G. Jones."

It appears that from this deed Colvert Jones was the eldest son of Charles Grigsby Jones and Winifred Rogers, his wife, as Calvert<sup>6</sup> Jones by his will proved the 7 day of April 1791 at King George Court bequeathed all his land to his nephew Charles Grigsby Jones "during his life but at his death I give all my land to his eldest son then living to him and his heirs forever."

A few days after this deed was executed, Calvert Jones was married to Sally Carver, daughter of John Carver, on 17 January 1810 (MR#1, pg 9).

Calvert<sup>8</sup> Jones must have come to full age in 1809. On 23 May 1810 Calvert<sup>8</sup> Jones gave a receipt to William Rogers his late guardian for all things due unto me (Inventory Ec: Book #5, page 70).

Thc the death of Charles Grigsby<sup>7</sup> Jones has already been placed as the fall of 1805 by the above noted court orders, bond executed, Ec: yet for the completeness of the record we can also point to Fiduciary Account Book #4, pages 416-17 where is recorded an appraisement of the estate of Charles G. Jones, deceased, and also an account of certain sales of his perishable estate made 9 November 1805 by his Administratrix, Winifred Jones and by her signed.

Mrs. Winifred (Rogers) Jones, having been provided with a house and ahundred acre plantation in St. Paul's Parish, continued to reside there and never remarried. The 1820 Census of King George County lists:

Winifred Jones	
No males in her household	1 female 16-26 Years
	1 female 26-45 "
	1 female over 45

Near her were living her sons, Calvert<sup>8</sup> Jones and Lewis<sup>8</sup> Jones.

On the 25th of September 1821 Winifred Jones of St. Paul's Parish, King George County, Virginia, drew her last will and testament and same was offered for probate 6 March 1823 and remains of record in Will Book #3, pg. 230. Therein she bequeaths various chattels to her five children, viz: Elizabeth B. Jones, Alice Jones, Lewis Jones, Benjamin Jones and David Jones the latter of whom is also appointed executor. Calvert, George and Jane Jones were not mentioned.

VIII. Lewis<sup>8</sup> Jones, son of Charles Grigsby<sup>7</sup> Jones (1746-1805) and his wife nee Winifred Rogers (17 -1823), was born in the 1790s. He married Susan A. Edwards, daughter of James Edwards of King George County. He is listed on the 1820 U.S. Census of King George County:

Lewis Jones	
1 male under 10 years	1 female 12-26 years
1 male 16-26	

This listing reflects the family of young Lewis Jones, with his wife and infant son, who we know to be James Edwards Jones.

In 1831 Lewis Jones served as a constable in King George County with Enoch Edwards, Calvert Jones and David R. Jones, his securities. His bond for the performance of this office is of record in Bond Book 1824-1839, page 222.

Lewis<sup>8</sup> Jones died intestate in the fall of 1832 and on 1 November 1832 his widow Susan A. Jones appeared at King George Court and gave bond as administratrix of his estate (Bond Book 1824-1839, pg. 298).

On 1 August 1833 Susan A. Jones gave her bond as guardian of James E. Jones, Agnes Jones, Elizabeth L. Jones, Mary S. Jones, Lucy Jones, and Charles L(ewis) Jones, orphan children of Lewis<sup>8</sup> Jones, deceased. John A. Edwards was her security on this bond.

It appears that of the above children Agnes Jones married Chas: G. Jones and died prior to 6 November 1845 at which time the said Chas. G. Jones as her administrator sued for a division of the estate of her father Lewis<sup>8</sup> Jones and the court ordered a division which was made 29 December 1845 with the following participants: James E. Jones, Elizabeth Jones, Mary S. Jones, Lucy Jones, Charles Lewis Jones and Charles G. Jones, the plaintiff and administrator of Agnes E. Jones, deceased, (Inventory and Account Book #9, pages 472 et seq).

I, George H.S. King, Fellow of the American Society of Genealogists, residing at Fredericksburg, Virginia, do hereby certify the above records to be true and correct to the best of my knowledge and belief, and the lineage from Sir George<sup>1</sup> Calvert to James Edwards<sup>9</sup> Jones firmly established.

GRAVES - STONE DESCENT

Captain Thomas<sup>1</sup> Graves came to Virginia in the Mary and Margaret and is listed among those arriving in the second supply, 1608. Shortly after his arrival, while on an exploring expedition, he was taken captive by the Indians who held him in Opecanough's town subject to an uncertain fate when a timely rescue was effected by Ensign Thomas Savage.

An undated letter from Governor Yeardley to Sir Edwin Sandys concerning Smythe's (Southampton) Hundred written after 29 April 1619 recites circumstances of the affair between Captain William Epes, Commander, and Captain Stallings in which the latter was slain and the former placed under arrest and states: "I have entreated Capt. Graves an Antient officer of this Company to take charge of the people and the workes". Captain Graves was sent as one of two representatives from Smythe's Hundred to the first Representative Legislative Assembly which convened at Jamestown, 30 July 1619.

As a member of the Virginia Company, Captain Graves had agreed to transport 100 persons to Virginia and accordingly was allowed a patent for land, 20 November 1622. His grant for "200 acres on the east side of the Shoare of the bay of Chesapeake (Eastern Shore) butting southerly on the land of Captain Henry Gleote" is of record, 14 March 1628, and recites that the land was "due him by vertue of an adventure of £25 paid to Sir Thomas Smith, late Treasurer for the Company of Virginia".

Captain Graves, addressed as Esquire in the Accomack-Northampton county court records, heads the list of Commissioners at the first extant court of record held for Accawmack, 7 Jan. 1633; he served the County as Burgess to the Assembly, 1629-1630, 1632 and was member of the first vestry of the Parish 14 September 1635. His appointment as Commander of the "Plantation of Accawmacke" had been made by the General Court, 8 February 1627. His death occurred between November 1635 when he was witness to a deed and 5 January 1636 when suit was entered against a "servant to Mrs. Graves".

Captain Graves married Katherine \_\_\_\_\_, who, with his two sons came to Virginia after 1616, as is shown in a patent granted to John<sup>2</sup> Graves, 9 August 1637, reciting that the 600 acres granted to him in Elizabeth City was "due in right of descent from his father Thomas Graves, who transported at his own costs: himselfe, Katherine Graves his wife, John Graves the patentee & Thomas Graves, Jun<sup>r</sup> & 8 persons". Mrs. Graves was living at the "Old Plantation" 20 May 1636; the precise date of her death is not known.

Captain and Mrs. Graves were the parents of the following children: John Graves, Thomas Jr., Ann, Verlinda, Katherine and Francis Graves.

II. Verlinda<sup>2</sup> Graves, thought to be the eldest daughter of Captain Thomas and Katherine Graves, married before 1640 Captain William Stone, Commissioner of Accawmack, 1633; vestryman of Hungar's Parish, 1635 and Governor of Maryland, 1648. His will dated 3 December 1659 was proved 21 December 1660 in Charles County, Maryland, names his wife, his children, and his "brother Sprigg" who was the second husband of Katherine<sup>2</sup> Graves. The will of Madam Verlinda (Graves) Stone was dated 3 March 1674/75 and was admitted to record 13 July 1675 at the Charles County, Maryland, Court.

Governor William is thought to have been born in North Britain circa 1600; there is considerable doubt about his parentage, tho Harry Wright Newman in his book entitled The Stones of Poynton Manor (1937) presents the only account which has recently appeared.

Governor William Stone and his wife nee Verlinda<sup>2</sup> Graves were the parents of: Thomas, Richard, Mathew, John, Elizabeth, Mary and Katherine Stone - their descendants are legion.

Of these Elizabeth<sup>3</sup> Stone is named in her father's will as his "eldest daughter" and there is a record dated 5 November 1662 which proves that before this date she intermarried with the Honorable William<sup>3</sup> Calvert (circa 1644-1682), mentioned on page four of this report and to which reference is now made for further detail as to the descent of Charles Grigsby Calvert<sup>7</sup> Jones (1746-1805) from this distinguished Maryland couple.

CHARLES LEWIS JONES (1833-1884) Page 1

CHARLES LEWIS JONES, known as LEWIS, was the youngest son of Lewis Jones (c 1795-1832) and Susan A. (Edwards) Jones. (See Mr. King's report, page 19.) He was born a few months after his father died. The 1850 Census, National Archives, lists Rosa Edwards, age 94, Farmer, and in her household Elizabeth Jones 22; Marj. Jones 20; Susan Jones, 18; Lewis Jones 16. I do not know who Marj. Jones was, she may have been the daughter of Rosy Jones named in James Edwards' will as his daughter. The other three, Elizabeth, Susan & Lewis I know and have always known were the children of Lewis and Susan A. (Edwards) Jones, grand-children of Rosa and James Edwards. Elizabeth Jones, n.m., was known as 'Aunt Bet' and later lived with her brother, Lewis, and with his children after his death.

CHARLES LEWIS JONES b. Jan. 11, 1833, d. Oct. 17, 1884, married on Nov. 17, 1857, his first cousin, SARAH FRANCES EDWARDS, known as Sallie, b. Jan 8, 1836, died Nov. 17, 1884, dau. of Enoch and Ann Monroe (Massey) Edwards.

The 1860 Census, National Archives, lists Charles L. Jones 27, Merchant; Sarah F. 24; Susan L; 1; Elizabeth L. 32 and Baldwin N. Lee, 18 Store Clerk; so we know from the Census, as well as knowing all my life, that he was a Merchant and Farmer.

The 1870 Census lists Charles L. Jones 37, Farmer; Sarah F. 33; Susan L. 11; Charles I. (probably should be L.) 5; Clarissa 2; Elizabeth L. 41 and Verlinda Grauvy (?) 10, Domestic Servant.

CHARLES LEWIS JONES served in the Confederate Army - in a letter dated April 12, 1864, my great grandmother, Mary Louisa (Jones) Edwards wrote her husband, James Monroe Edwards, who was in the Confederate Army around Petersburg, Va.,

"Sallie has been looking for Lewis home ever since last Friday and is now getting right uneasy his not coming, not getting any letter from him, they are all well."

On Dec. 13, 1864 - she wrote "Lewis expects to start to camp tomorrow and I shall send this by him. I reckon he will hate to leave his dear little family".

On Dec. 3, 1863, my great grandfather James Monroe Edwards wrote his wife, named above, from Chimboraso Hospital, Richmond, Va.,

"I shall write to Lewis to send me any letters that may have come \_\_\_\_\_ for me.:"

James and Sallie were brother & sister. Lewis & Mary Louisa first cousins.

LEWIS & SALLIE lived at that time on the farm adjoining James M. & Mary Louisa Edwards. 'Parmound' Mary Louisa called it in her letter.

CALVERT JONES, et al

CALVERT JONES (1788? - ?) eldest son of Charles G. Jones and Winifred Rogers, married Sally Carver (dau. of John Carver) Jan. 17, 1810 (p. 18, Mr. King's report). The 1830 Census, National Archives, lists Calvert Jones and in his household 1 male, 5 to 10; 2 males 10 to 12; 1 female 15 to 20. Thus it would appear that his wife Sally, died before 1830. I did not find Calvert Jones listed in the 1850 Census so it appears that he died between Oct. 7, 1841 and 1850. We know he was living in 1841 as Deed Book 15, p. 475, Oct. 7, 1841, King George Co., Va. shows that he conveyed to Richard H. Stuart property as follows:

"adjoining lands of A.B. Price, James Phillips and others, and bounded as follows: Beginning at a point in middle of main road and leading from Indian Town to St. Paul's Church near where a gate once stood, etc.--- (for above description I am indebted to my friend Suzanne J. Dauphin of Goby, Va.)

NOTE: The 1830 Census was taken by David R. Jones, brother of Calvert and certified to by James S. Quesenberry and John S. Jett.

We have so far been unable to find other records regarding Calvert Jones and do not know the names of his children except as follows:

John Nathan Jones, father (\*AAH) of Maud Howell Smith of Washington, D. C.  
Charles G. Jones whose granddau., Louise McKimmie Scarborough of Washington, D. C. wrote me she also knew only of the two sons, John & Charles.

CHARLES G. JONES, prob. b. between 1815 & 1818, 2nd of that name and son of Calvert Jones & Sally Carver, first married on Sept. 27, 1842, (King George Co., Va. records) his first cousin, Agnes E. Jones, dau of Lewis Jones and Susan A. Edwards (Susan was the dau. of James Edwards and Rosa Wren and is named in her Father's will as Susan A. Jones, then referred to as Susan. James' will rec. King Geo. Va., Will B 3, Page 240, Sept. 4, 1823). Agnes E. Jones died, without issue, prior to Nov. 6, 1845 (Mr. King's record, page 19.)

The 1850 Census, National Archives, lists Charles G. Jones, age 32, farmer; Elizabeth Jones, 45; S. Oppenheimer 25, pedlar born in Germany. Also the 1850 Census lists Rosa Edwards, age 94, farmer and in her household Elizabeth Jones, Marj. Jones 20; Susan Jones 18; Lewis Jones 16. I do not know who Marj. Jones, 20 was; she may have been the child of Rosy Jones named in James Edwards' will as his daughter. Elizabeth Jones, 22; Susan Jones 18; and Lewis Jones 16, I know and have always known were the children of Lewis Jones and Susan A. Edwards, grandchildren of Rosa Edwards, widow of James Edwards. Elizabeth Jones, never married, was known as 'Aunt Bet' and lived with her brother the above named Lewis Jones, who was named Charles Lewis Jones, Born Jan. 11, 1833, died Oct. 17, 1884 and married on Nov. 17, 1857, his first cousin, Sarah Frances Edwards, b. Jan 8, 1836, d. Nov. 17, 1884, dau of Enoch and Ann Edwards.

\* AAH - This is a mistake. My reference is Ethel Kemon, sister of Maud Howell Smith. John Jones was their grandfather and resided at Brooke, Virginia. She also says that she knew of only the two boys.

'Lewis and Sallie' as they were known were the parents of five children: Susan L. m. McClanahan; Clara m. William Jones (g.son of David R. Jones, brother of Calvert); Gertie m. Theo. King; Eustice m. Etta Jones, his cousin (dau of CHARLES G. JONES); Ethel, never married.

(The dates on Lewis & Sallie were copied from their Bible for me by their grand-dau. Lillian King Humphreys of Silver Spring, Md.)

CHARLES G. JONES, son of Calvert & Sally Carver Jones, -m- ~~and~~ Susan (Mary Susan) Jones, his 1st cousin, the Susan Jones 18 listed 1850 in Rosa Edwards' household and sister of his first wife Agnes E. Jones. From the Census Records it appears they were married after 1850. The 1860 Census, taken by Mr. Thacker Rogers, lists:

Charles G. Jones, 44, farmer	Ada E.	3
M. Susan	Alice A.	1
Lilly L.	Elizabeth B.	60 (apparently Elizabeth Bagwell, sister of Calvert)
Lucy A.		5
	Sarah C.	20

the 1870 Census lists the same people, leaving out Elizabeth B. and Sarah C. and adding Catherine 9; Charles G. 4 (CLJ changed this to read Charles Herbert - AAH); Nannie 4/12;. We know that Charles G. and Mary Susan Jones also had another dau. Etta (referred to above) and a son, Herbert (CLJ says that the Charles listed above and this Herbert were one in the same. AAH)

I do not know who Sarah C. Jones was; A Sarah C. Jones was listed in 1850 Census in the household of Daniel Coakley; also I have notation of record King Geo. Co., Va., B. 17, pg. 64, Oct. 7, 1847, deed from Elizabeth C. Jones to Sarah Calvert Jones.

King Geo. Ca., Va. Deed Book 18, pg. 408, Jan. 12, 1857, James E. and Ellen Jones and Charles G. and Mary S. Jones conveyed to John Rawlings for \$800.00 between 75 & 80 acres, bounded by land of Tacker Rogers and Joseph A. Billingsly, excluding therefrom the mill lott and two acres of land sold to Charles Mason. (WE KNOW JAMES E(DWARDS) AND MARY S(USAN) WERE BROTHER & SISTER)

The daughters of Charles G. & Mary Susan (EDWARDS) Jones married as follows:

Lilly L. m. Price (children)  
Lucy A. m. Benjamin Atwill, 1st cousin of her F ther, son of Alice Jones  
Ada E. m. Montague (2 dau. Lucy m. E. W. Marsh  
Addie, Army Nurse, buried Arlington Cemetery)

Alice A. m. Montague  
Catherine Calvertm. Charles R. Quesenberry & thereby became my beloved "Aunt Kate"  
Etta m. Eustice Jones (1 son, Charles) (CLJ added 2 sons, Charles Lewis; James Calvert, d infant - AAH)

Nannie, b. Oct. 6, 1869, d. June 13, 1952, m. Simon McKimmie of Washington, D. C. on Dec. 4, 1895, 6th Presbyterian Church, Wash., D. C. by Dr. Skellinger. (4 children Ann Calver; d. infant; Jeannette Aline m. \_\_\_\_; Charles George; Susan Louise m. \_\_\_\_ Scarborough (Crossed out by CLJ = AAH)
