On August 6, 1968, I photocopied ^{selected} pages of the following psalm book then in the possession of Mrs. Elouise Rogers Frederick (Mrs. Vernon L. - DAR #461680) and immediately typed the entire information. The information was written in two different handwritings and in some cases repeated itself. I have not included the duplicate information but confirmed that the first entry agreed.

*Originally
proved by
Winifred
Jones,
wife of
Charles
G. Jr.*

By January, 1987, those portions I photocopied have deteriorated. In 1977 Mrs. Frederick told me she was unable to find the original and possibly had given it to the DAR. I checked with the DAR library then and again in 1981 and it hadn't come to light. In 1970 I forwarded a copy to Mr. George King, professional genealogist, of Fredericksburg, Virginia.
